<b>SIMPOSI IN PARALLELO DEL POMERIGGIO</b>
--

16.00-17.45 Aula 1, Edificio C	<i>The Hidden Presence: Psychological Underpinnings of Chronic Pain</i>	<p><b>Proponente:</b> Piero Porcelli Università "G. D'Annunzio" Chieti-Pescara</p> <p><b>Discussant:</b> Silvana Grandi Università di Bologna</p>	Quinto R.M., De Vincenzo F., Russo F., Tirelli W., Durante S., Lombardo L.	Optimism, acceptance of illness, hope, and social support in palliative care: how positive psychological functioning may promote benefit finding and reduce pain in terminally ill hospice patients
			Galli F., Nimbi F.M.	Central sensitivity in chronic pain: exploring the role of psychological components in nociplastic pain
			Lanzara R., Zito L., Conti C., Anaclerio F., Porcelli P.	The relationship between gut microbiota, fibromyalgia, and psychological distress: a systematic review
			Romeo A., Benfante A., Perutelli V., Castelli L.	The association between metacognition and pain in patients with fibromyalgia: the role of depressive symptoms
			De Rossi E., Allegrini G., Genova F., Farina B., Imperatori C.	The impact of parental overcontrol on mentalization and emotional regulation abilities: a cross-sectional study in a sample non-clinical adults
16.00-17.45 Aula 2/3 Edificio C	<i>Investigating the impact of parental overcontrol and other forms of childhood maltreatment: insights from clinical</i>	<p><b>Proponenti:</b> Claudio Imperatori Università Europea di Roma</p>	Dell'Acqua C., Messerotti Benvenuti S.	Adverse childhood events and internalizing symptoms: the moderating role of neural responses to threat

	<i>and psychophysiological studies</i>	Rita Ardito <i>Università di Torino</i>  Benedetto Farina <i>Università Europea di Roma</i>	Carraturo F., Cotrufo P., Cella S.	From parental bonding to disordered eating: the mediating role of self-esteem, emotion dysregulation and anger expression
		<b>Discussant:</b> Antonello Colli <i>Università di Urbino Carlo Bo</i>	Carbone G.A., Lo Presti A., Adenzato M., Ardito R.B.	Maternal overcontrol is associated with increased resting state theta connectivity within the Salience Network: an eLORETA study
16.00-17.45 Aula 4 Edificio C	<i>New perspectives in psychopathology of sexual behavior</i>	<b>Proponente:</b> Fontanesi Lilybeth <i>Università "G. D'Annunzio", Chieti-Pescara</i>  <b>Discussant:</b> Daniele Mollaioli <i>Università degli Studi di Messina</i>	Costanzo G., Manna G., Mento C., Falgares G.	Emotion regulation difficulties and sexual arousal in women with anxiety disorders: the mediating role of sexual concern
			Fontanesi L.	Borderline personality disorder and sexuality-related issues: a single case study
			Ciocca G., Origlia G.	Sociosexuality and Capacity to Love
			Limoncin E., Stanzani M.	Psychological, psychopathological, sexual and personality-related aspects associated with dyadic wellbeing: an observational study on women in a short- and long-term relationship.
16.00-17.45 Aula 5/6 Edificio C	<i>The use of narrative in medical settings: efficacy and new research directions</i>	<b>Proponente:</b> Renzi Alessia <i>Università di Roma La Sapienza</i>  <b>Discussant:</b> Carlo Garofalo <i>Università di Perugia</i>	Vizzini M.A.S., Renzi A., Marcoccia A., Cocchiario T., Guarino A., Bearzi P., Rago R., Di Trani M.	A linguistic analysis of the cultural representations and symbolizations of patients suffering from Systemic Sclerosis about their illness experience.
			Massari M.G., Gennaro A,	Science and Consciousness in Healthcare: A Systematic Review on Narrative Medicine
			Negri A., Bianchi F., Andreoli G., Barcellini G.	Specific linguistic modes of shame communication in patients with eating disorders
			Lemmo D., Mezza F., Bianco R., Freda M.F.	Motivations for self-care and lifestyles change: narratives in the ageing process
16.00-17.45 Aula 7 Edificio C	<i>Cross-border perspectives</i>	<b>Proponenti:</b> Agostino Carbone	Carbone A.	Innovative Theoretical Approaches in Clinical Psychology for the care of LGBTQ+ people.

	<p><i>between Clinical Psychology, Psychoanalysis, Social Aspects and LGBTQ+ Issues: Theoretical Progress, Controversies and Interventions</i></p>	<p>Università di Roma La Sapienza</p> <p>Paolo Valerio Università di Napoli Federico II</p> <p><b>Discussant:</b> Massimiliano Sommantico Università di Napoli Federico II</p>	Drescher J.	Controversies and debates relating to gender affirmation paths. An international psychodynamic perspective.
			Taurino A., Foglianese A., Verri V., Bottalico M.	Culture of differences and gender-affirming paths in developmental age. Constructs and reflections for the prejudice disconfirmation.
			Valerio P., Coppola M., Masullo G., Gnazzo A.	New challenges for non-binary gender identities: between clinical aspects, semantic gaps and socio-cultural implications.
<p>16.00-17.45 Aula 8 Edificio C</p>	<p><i>Perspectives in Clinical Psychology of Aging: from assessment to interventions</i></p>	<p><b>Proponente:</b> Alberto Sardella Università di Catania</p> <p><b>Discussant:</b> Maria Casagrande Università di Roma La Sapienza</p>	Mondini S., Montemurro S., Pucci V., Nucci M., Sebastianutto G. Rumiati R.I.	The impact of Cognitive Reserve on Aging Trajectories
			Sardella A., Caponnetto P., Basile G., Quattropani M.C.	Case-control, randomized pilot study aimed at promoting adaptive emotional regulation strategies in older adults and family caregivers: a study protocol
			Sauta M.D., De Luca A., Franzoi I.G., Granieri A.	Clinical-psychological interventions with older people in nursing homes: quality of listening and characteristics of observation
			Petretto D.R., Gaviano L., Carrogu G.P., Berti R., Pili R.	P.E.R.D.A.S. People with Extreme Resources During Ageing in Sardinia: preliminary data from the study of narratives of a sample of long-lived individuals
<p>16.00-17.45 Aula 9 Edificio C</p>	<p><i>LGBTQ+ people in healthcare contexts: health processes and outcomes</i></p>	<p><b>Proponenti:</b> Cristiano Scandurra Università di Napoli Federico II</p> <p>Gianluca Cruciani Università di Roma Tor Vergata</p>	Mezzalira S., Bochicchio V., Scandurra C.	Health-promoting and adverse pathways in healthcare contexts: A systematic review on the experiences of LGBTQ+ European individuals in healthcare settings
			Cruciani G., Quintigliano M., Carone N.	Knowledge and attitudes of mental health providers towards LGBTQ+ individuals: A mixed methods systematic review

		<p><b>Discussant:</b> Luca Rollè <i>Università di Torino</i></p>	<p>Bonato M., Selvaggi G., Tascini B., Gatta M., Scala A., Garolla A., Miscioscia M.</p>	<p>Avatar-assisted gender affirmation path: a personalized approach with avatars for better understanding transgender and gender diverse needs</p>
